Homestead Direct Primary Care

Would your college student be healthier if she could text her doctor?

Concierge level care
\$300/semester
\$550/year

Many out-of-state HMO, PPO or Medicaid plans have strict restrictions of covered areas or providers. Don't pay their extra charges for simple primary care needs!

Asthma?
Diabetes?
Depression?
Anxiety?
ADHD?

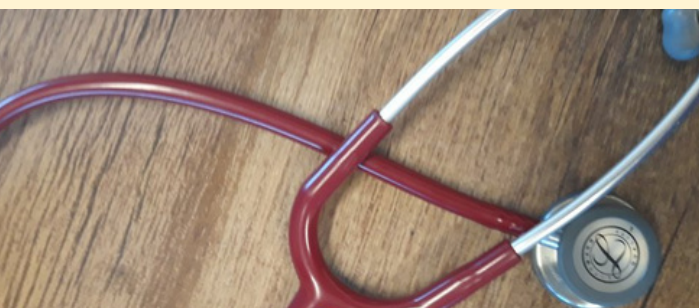

Many conditions require frequent medical follow up. DPC allows your student to spend more time on their studies, less trying to reach their doctor! Plus, easy communication with parents regarding what's going on with your child – peace of mind!

COSDoctor.com

**A : 15455 Gleneagle Dr,
 C/s 80921**

Visit as many times as they need, an easy 20 min drive from campus

Urgent care centers and emergency departments charge \$300 or more to be seen each time, which occurs when the student health center is closed!

For students away from home

Telemedicine via phone or video also available, we can even add parents in for a conference call (or after-appointment report), with your student's permission.
