Primary Care That Finally Puts You First

- Tired of rushed appointments and one size fits all care?
- Traditional primary care is designed for volume and billing.

We changed all that

At Functional DPC, we combine Direct Primary Care + Functional Medicine

for care that's personal, proactive, and truly effective.

As a Member, You Get:

- A personal physician who **knows your full health story**
- Same day **access** and unrushed, **extended visits**
- Care focused on **root causes**, not just symptoms
- **Prevention, lifestyle, and medical care** working together
- A **personalized plan** for lasting energy, vitality, and longevity

This is primary care designed around *you* –

not insurance, not time limits, not quick fixes.

Primary Care That Feels Human Again.
